

Book corrections

The following is a list of corrections that have been made to our books. This refers to the page numbers of books available for retail sale – customized versions may have slightly different page numbers (common), or they may not include the affected text (less common). The date a book was printed can be found inside the back cover.

Success on the Upper Level SSAT

Books printed prior to September 6, 2018

On page 390, the paragraph in the middle of the page beginning “We can also combine…” incorrectly states that “ $2\sqrt{3} + 7\sqrt{3}$ becomes $10\sqrt{3}$.” It should state that “ $2\sqrt{3} + 7\sqrt{3}$ becomes $9\sqrt{3}$.”

Books printed prior to July 8, 2018

On page 13, the second bullet about the writing sample incorrectly states that “both are the beginning sentence of a story and you can choose which story you wish to finish.” It should state that “one is the first sentence of a story that the student must finish and the other leads to a more traditional essay.”
